These are the IP range(s) from which we would see them as originating. For example, if you own the following 25.254..* network range but your users only originate from a smaller subnet range (ex. 25.254.5.*), please submit that subnet range. We are only interested in network addresses, not subnet masks (ex. 255.255.255.0). If you have multiple addresses, please separate by a semicolon (ex. 155.246.*.*; 129.35.2.*).
